Care**

Welcome!

THE LASER AND SURGERY CENTER OF THE PALM BEACHES provides a new healthcare alternative to patients in Palm Beach Gardens, Jupiter, The Palm Beaches and surrounding communities.

The center is a Medicare licensed and approved, 17,000 square foot facility offering the latest in surgical care and technology. The latest in surgical equipment is available, backed by the experience of the finest physicians in the area. Patient care at the Laser and Surgery Center of the Palm Beaches is provided by the highest skilled and qualified staff.

The center is designed for the comfort, safety and convenience of our adult and pediatric patients. The center consists of four operating rooms and two procedure rooms with state-of-the-art surgical and anesthesia monitoring equipment, including technology specifically designed for children.

Our mission is to provide excellent care in a superior facility, enabling physicians to best serve the needs of you, their patients.

Our Personalized Care

A member of our staff will contact you by telephone soon after your physician schedules your surgery. We will answer any questions you may have about your upcoming procedures, obtain insurance information, and address any financial concerns.

Our goal for you is to provide quality health care in a friendly, efficient, and cost effective manner.

The physicians working at the Laser and Surgery Center of the Palm Beaches are specialists in performing outpatient surgery in the following areas:

- Ear, Nose and Throat
- Gastroenterology
- General Surgery
- Occuloplastic Surgery
- Ophthalmology
- Orthopedics
- Pain Management
- Plastic/Reconstructive Surgery
- Podiatry
- Retina
- Urology

Anesthesia

Our Anesthesia Department is staffed with highly skilled Anesthesiologists and Nurse Anesthetists. Full Anesthesia services are provided, including pre-operative same day care.

Pain Management

The Medical Director of the Center is a specialist in Critical Care and Anesthesia. However, this Center offers patients advanced treatment for chronic and acute muscular-skeletal and neurological pain. People who suffer with chronic back, neck or limb pain, as well as others with headaches. RSD pain or TMJ can benefit from our multidisciplinary approach to the easing or elimination of pain. Advance pain management techniques are performed by highly skilled Pain Management Specialists.
